

## **Project: Group Project 15**

Meeting: Weekly project meeting

Persons present: All except Charlie

Circulation list: All project members including Nigel Hardy(nzh)

Author: Cellan Williams

Location and date of meeting: Physics 502, 08/11/2012

Date of minutes: 08/11/2012

Version: 1.0

### **Matters arising from last meeting**

Decided to go with DBMS MySQL.

Kamil still discussing standards with other groups.

Sam – Authentication prototype running.

Grant – First draft of test specification on git.

### **New Business**

Deadline for review of test specification on Tuesday.

Work week next week so no formal, timetabled meeting, possibly use meeting slot to look over design.

Talk about demo next week.

### **AOB**
